OK

3. Special Requirements

3.1 Usability

Because our target group are older people, we will make the first step very user-friendly. There should be a “Help”-Button and also the description for the input fields should be easy to understand for everyone.

4. Preconditions

tbd

5. Postconditions

In aeternum

5.1 Save information

The database must save all information(burial method, burial place, tombstone, laying out) for the new account.

5.2 Go on

After saving the first general information the user will be redirected to a new page, where he can insert more information.

6. Extension Points

(tbd)

6.1 <Name of Extension Point>
